Any increase or decrease in your and / or Deep Sea Innovation's rights and interests under this agreement due to changes in applicable laws and policies shall not constitute the basis for the natural invalidity or termination of the enforceability of all or a certain term of this agreement, unless the changed applicable laws and policies are mandatory provisions of effectiveness.

Article 8: Dispute Jurisdiction

Any dispute arising out of or in connection with this Agreement shall be settled amicably through consultation between the parties; if consultation fails, either party may submit the dispute to the people's court with jurisdiction in the place where the defendant is located for jurisdiction.

eutto Privacy Policy

Thanks for using eutto (hereinafter referred to as "we/us").

This Privacy Policy is updated on June 12, 2020 and will take effect on June 12,2020.

Deep Sea Innovation Information Technology Co., Ltd. (hereinafter referred to as "we/ us") attaches great importance to the protection of your personal information and privacy security. Before using our products and services, please read and fully understand the eutto privacy policy (Hereinafter referred to as "this policy"). Minors under the age of 14 must read this policy in the company of your guardian, and make sure that you have obtained your guardian's explicit consent before using our services and providing your personal information. If you use our services, you or your guardian have understood this policy and agree to collect and use your personal information in the manner specified in this policy.

This policy will help you understand the following:

This policy will help you understand the following:

- 1.what information we collect and how we use it
- 2.Use of cookies and similar technologies
- 3.Sharing information
- 4.Transfer information
- 5.Information disclosure
- 6.Processing, storage period and destruction method of personal information
- 7.How do we protect your personal information?
- 8.Your rights
- 9.Information from minors under the age of 14
- 10.Change
- 11.Governing law and jurisdiction
- 12.Contact us

1.What information we collect and how we use it

(1)The information you actively provide when using our services. When you use eutto and related services, you can set the account number and name of eutto, and you can also verify your identity by providing the mobile phone number and verification code matching results. We collect this information to provide you with account login services and to protect your account security and prevent security risks. You should be aware that the matching results of mobile phone number and verification code belong to your personal sensitive information. Please provide them after careful consideration. If you only need to take photos, videos and other basic functions and services, you do not need to set up an account and provide the above information.

(2)Information obtained indirectly from a third party. You can also log in using the account number of the third party platform (for example, Whatsapp / Printest account). If you log in using the account number of the third party platform, we will obtain relevant information (including user name, nickname, subject to your authorization) and authentication letter under the third party account according to your authorization Information (personal sensitive information). If you refuse to authorize such information, you will not be able to use the account of the third-party platform to log in to our platform, but it will not affect the normal use of other functions and services we provide for you.

(3)Equipment information

a. In order to ensure the safe operation of our service, as well as your information security, troubleshooting product faults, recording statistical data about service use, and statistical analysis required for service optimization, we will collect your device model, IMEI, network device hardware address (MAC), software version number, Bluetooth (SDK only), WLAN connection, operation log and other information. These information is the basic information we must collect to provide services and ensure the normal operation of our products. When we collect and use the above information, we conduct due identification processing. Data analysis only corresponds to specific codes that cannot be directly associated with the user's identity, and cannot and will never be associated with your real identity.

b. Device permission call: for users of Android system, in order to read the device identification number and ensure that you can save pictures, videos or cache information to the mobile phone, we will apply to the system for "read the status and identity of mobile phone and enable the permission to write external memory card". Before applying, we will ask for your consent. You can choose to "allow" or "prohibit" permission application. You can choose to turn off some or all permissions in the device settings function, so as to refuse to collect corresponding personal information.

(4)Location information

We need to collect your location information, such as longitude and latitude information, network location, IP address, rough location and other information. We obtain these information in order to comply with the relevant laws and regulations, as well as to prevent users from improper use, identify users' illegal behaviors and eliminate safety faults. You can also turn on the location information authority on eutto [settings], [shooting], [location information] to authorize us your exact location information. Precise location information is personal sensitive information. We set the precise location information to the default off state. If you do not authorize us, we will not collect your precise location information, and will not affect your normal use of other functions and services.

(5)Personal information based on normal use functions and services

a.Core functions: when you use business functions such as photographing and recording, we will need to obtain your camera and album permissions. When you select and click [agree / open] in the pop-up window, it is deemed that you authorize us to access and obtain your personal information. If you refuse to provide, you will not be able to use this function.

b.Customer service: when you file a complaint, consultation or complaint with us, in order to contact you or help you solve the problem, we may need your name, mobile number, email and other effective contact information. If you refuse to provide the above information, we may not be able to give you timely feedback on the relevant processing results.

(6)Use of third party tools

In order to enable you to receive information push, share information on a third-party platform, and enable us to provide better service and user experience by analyzing user behavior. The application of eutto has access to a third-party partner, including some mobile phone manufacturers using Android system, social platforms (such as Twitter, whatsapp), third-party data analysis platform talking data, push service platform's personal push, etc. In order to provide services for you, a third party partner may call some permissions to collect your personal information to achieve functions. The types of permissions called by the third party may include obtaining your location information, reading external memory card, writing external memory card, reading your mobile phone status and identity, viewing WLAN connection, retrieving running applications, Bluetooth. We will treat your information with high diligence, carefully evaluate the purpose of collecting and using information by the third party, and strictly monitor the SDK (software tool development package) that the third party obtains information to ensure data security.

(7)Information collection based on personalized recommendation and online advertising.

On the premise of complying with relevant laws and regulations, we may allow third-party advertisers of this service to collect user's advertising identification information. Possible collected information and methods: user's advertising identification information (ADID / IDFA), international mobile device identity code (IMEI), automatic collection and transmission when using the service.

2.Use of cookies and similar technologies

(1>About cookies and similar technologies: Cookies are small files containing strings that are sent and stored in your computer, mobile device or other device (usually encrypted) when you log in and use the website or other network content. Similar technologies are other technologies that can be used for similar purposes as cookies, such as web beacon, proxy, embedded script, etc.

(2)How do we use cookies and similar technologies: When you use the functions and services of eutto, we may use cookies and similar technologies to send one or more cookies or anonymous identifiers to your device to collect and store the information you access and use functions and services. We use cookies and similar technologies mainly for your use of our functions and services, to simplify your repeated steps (such as registration and login), to facilitate you to view the use history, to provide you with service content more suitable for your personal needs and content you may be more interested in, to protect your information and account security, and to improve our products and services. We promise that we will not use Cookie for any other purpose other than the purposes stated in this privacy policy.

3.Share information

Except for article 1 (6) of this Privacy Policy, we will not share your personal information with any third party. However, in case of obtaining your explicit consent or following the national laws and regulations, we will provide your personal information in strict accordance with the laws and regulations.

4.Transfer information

We will not transfer your personal information to any third party. With the continuous development of our business and the improvement of functions and services, your personal information may be transferred. In case of the aforementioned changes, we will inform you in advance of the transferred information and entrusted business content.

5.Information disclosure

In principle, we will not disclose your personal information without your prior consent. However, we may disclose your personal information for the following purposes:

- (1)To abide by applicable laws regulations other relevant provisions;
 - (2)To abide by the provisions of judgments, rulings other legal proceedings of the court;
 - (3)To comply with the requirements of the relevant government agencies other legally authorized organizations;
 - (4)Having reason to be convinced of the need to abide by laws regulations other relevant provisions;
 - (5)Reasonable and necessary use for the implementation of relevant service agreements or this policy, the maintenance of social and public interests, and the protection of the personal and property safety or other legitimate rights and interests of our customers, us or our affiliates, other you or employees.
- #### 6. Personal information processing, storage period and destruction method
- (1)Location of information storage: according to the provisions of laws and regulations, we will store your personal information collected and generated in the process of domestic operation in the territory of the People's Republic of China.
- (2)In principle, we will only keep your personal information for the shortest time necessary to achieve the purpose. Personal information beyond the necessary period will be deleted and destroyed immediately, unless you exercise the right of deletion, cancel your account or other provisions of laws and regulations. If we transfer personal information to a third party, we will inform the third party to destroy it immediately.
- (3)Destruction method: the printed paper personal information will be destroyed by a paper shredder, and the personal information stored in the form of electronic documents will be permanently deleted by using irrecoverable technical methods.

7.How do we protect your personal information?

We attach great importance to the security of your personal information. To protect your personal information, we take the following measures:

- (1)We will use encryption technology to collect the password you set to ensure the confidentiality of the data.
- (2)We use security protection mechanism to prevent your personal information from being leaked and damaged by hacker attacks, computer viruses, etc. We will take all reasonable and feasible technical measures to establish a more complete security mechanism to protect your personal information.
- (3)We will control the number of employees dealing with personal information to a minimum, and train the employees in data security awareness and security ability. We will strictly follow the internal management system and relevant laws and regulations.

8.Your rights

- (1)You have the right to read, inquire, correct, modify, delete your personal information, cancel your account, and revoke your consented authorization.You may contact us at any time if you have the above request.Contact information:Support@eutto.com
- (2)When you ask to correct a personal information error, we do not use and provide the personal information until the correction is complete.If the wrong personal information has been legally provided to a third party, we will immediately notify the third party of the information that needs to be corrected to ensure that it can be corrected.
- (3)Personal information deleted or modified at your request will be processed in accordance with this Privacy Policy 6 "Processing, Storage Period and Destruction Method of Personal Information" and shall not be read or used for purposes other than this.

9.Information about minors under 14 years of age

If you are a minor under the age of 14, we will not intentionally collect the above information. Please do not authorize us to use certain functions. Considering that we cannot distinguish the age of Internet visitors, if a minor under the age of 14 provides us with personal data without the consent of his or her parents or guardians, his or her parents or guardians may send an email to Support@eutto.com to remove such information. We do not intentionally attempt to collect information about minors under the age of 14.

10.Change

We may amend or update this policy from time to time based on business adjustments, changes in laws, regulations or policies. Please consult this policy regularly as prompted. We will notify you by notifying you in a prominent place on the page, sending you an email, etc. Before the changes take effect. In such cases, if you continue to use our services, you are accepting the revised policy. If you do not agree with the revised privacy policy, you have the right to modify your personal information or immediately stop using eutto.

11.Applicable law and jurisdiction

The interpretation of this policy and the settlement of disputes shall be governed by the laws of the mainland of the People's Republic of China. All disputes related to this policy shall be settled by both parties through consultation and friendly settlement. If the dispute cannot be settled through consultation, either party may submit the dispute to the local court with jurisdiction in the place where the defendant is located for jurisdiction.

12.Contact us
